Requirements for [REDACTED] Tour to Czechoslovakia (Slovakia) in
Regional Development

REF : Memorandum from Chief, St/PR, subject, as above, dated 7 August 1957

25X1A5a1

With reference to the [REDACTED] two-week study tour of Slovakia, the
following requirements are submitted:

a. Czechoslovakia is to install a microwave radio relay network
to provide for the relay of television programs from Prague to other
cities of the country. The link to Bratislava is to be operational
this year. (OFFICIAL USE ONLY). The following questions are submitted
relative to this network:

1. What route will the microwave link follow from Prague to
Bratislava?
2. Is the microwave network to be extended to other cities
in Slovakia? If so, what route will be followed?
3. What type of relay and terminal equipment is to be used?
4. Will the microwave radio relay facilities provide tele-
phone communications circuits in addition to television
links between cities? If telephone service is to be
provided, what will be the capacity of the terminal
multiplexing equipment?

b. Automatic and semi-automatic telephone equipment is to be used
to improve Czechoslovakian local and long-distance telephone service.
(OFFICIAL USE ONLY). The following questions are submitted:

1. Where are new automatic and semi-automatic exchanges being
installed in Slovakia?
2. What is to be the capacity of these new telephone exchanges?
